

DEL WEBB SOFTBALL CLUB

COVID-19 Protocols for Visiting Players

1. All visiting players entering the DWG&CC Community will report directly to the ballfield, and not travel throughout the Community.
2. Visiting players should not congregate with players of the host team or players from other Communities playing in a game before or after theirs.
3. To maintain Social Distancing, only five (5) players may sit in the dugout at any one time. Additional seating will be available along the Left field foul line, just beyond the dugout.
4. A bottle of disinfectant will be placed in the dugout for anyone wishing to spray a seat before sitting.
5. During and after the game, contact with any other player should be avoided, i.e. no hand slaps, high fives, etc.
6. As there will be limited seating, visiting teams can only bring their players, coaches, scorekeepers, etc. No fans will be permitted.
7. At the current time, the water fountains are shut off in DW. Visitors should bring their own water supply or purchase it from the Concession Stand.
8. For Visitors using the Concession Stand, please note the Spacing marks in front of both the Concession Stand and Grill. Please maintain safe distancing. Both the Stand and the Grill have plexiglass dividers for the safety of the workers and the diners.
9. Five of the six tables near the Concession Stand are for diners. Only two (2) people may sit at a table at any one time and should position themselves to keep the plexiglass divider between them. A disinfectant bottle will be available near the tables to spray them before use.
10. Once our Visitors are ready to leave, they should proceed directly to the Front Gate, and not travel through the Community.
