

Sun and Fun Senior Softball Inc. (SFSSI)

Playing Rules

The Sun and Fun Senior Softball Inc. (SFSSI) playing rules govern play in the SFSSI league. The operations committee will review, and update rules as needed.

Effective November 1st, 2026, every batter will start with a full count, not one-and-one.

Effective November 1st, 2026, all games are 7 innings, with the 7th inning and beyond open innings.
Section 10.3

Effective November 1st, 2026, infield warm-ups beyond the 1st inning are not allowed

Section I: Players per Team:

1.1 Teams consist of no fewer than 9 players.

1.2. No more than 11 players can play on defense.

1.3. A team with only 9 players can borrow players from the opposing team.

1.4. When a team requests a player(s) from the opposing team to fill out their 10th or 11th defensive lineup, that player(s) will be placed at the bottom of the batting order, and an out will be recorded each time that position in the lineup comes to bat.

1.5 A team with fewer than 9 players will forfeit the game.

Section II: Substitution:

2.1 There are unlimited substitutions on defense, so long as that player is in the offensive lineup.

2.2 Player(s) leaving a game due to injury or illness, with no substitution available, their spot in the lineup
will be skipped, and no out will be declared. The player may not return to the lineup or game.

2.2.1 If a player is ejected from a game with no substitute available, their spot in the batting lineup will be declared an out and recorded every time the ejected player's position in the lineup comes to bat.

2.3 Starting player(s) can be substituted for and re-enter the game just one time in the same batting position.

Section III: Courtesy Runner:

3.1 A courtesy runner can be used for the batter from home plate or a base at any time.

3.2 The courtesy runner must be in the offensive lineup and can only run once per inning or be called out.

3.3 A courtesy runner may not replace a courtesy runner except in case of injury to that runner.

3.4 A courtesy runner on base when it is his turn at bat will be called out as the runner and must bat.

3.5 A player becomes a courtesy runner when the umpire puts the ball back in play and calls play ball.

3.6 Once the umpire calls play ball, a team may not switch to another courtesy runner.

3.7 When a batter using a courtesy runner hits the ball, runs, and crosses the beginning of the 1st base runner's line regardless of where the courtesy runner is, the batter is declared out, dead ball, no runner advancement. The field diagram has been updated to show this line.

3.8 A player using or replaced by a courtesy runner cannot serve as a courtesy runner for another player in the same inning.

Section IV: Base Running:

4.1 Home Run: The batter and the runners on base do not have to run. The appropriate number of runs will be scored by the scorekeeper(s).

4.2 The batter or base runner will be called out if the courtesy runner crosses the run line or the runner leaves the base before:

- The ball must reach the plate.
- The ball hits the ground in or around home plate.
- The batter swings at or hits the ball.

4.2(a) The courtesy runner must be stationary at the running line and cannot get a running start.

4.3 When a play is being made at 1st base, the runner will be called out for the following:

1. Not observing the running line.
2. A play made at 1st base, and no red bag obstruction touching a portion of the white base, is out. When no play is made at 1st base, the runner may touch the white or red base and advance toward second.
3. A runner who runs past 1st base does not have to return to 1st base before advancing to 2nd base.
4. A runner may not dive or slide into 1st base or home while moving toward that base, but can dive or slide back to 1st base to avoid an out.

4.4 A runner may dive or slide into 2nd or 3rd base. The runner must tag the base since there is no run-by rule in the Sun and Fun league. To avoid a collision, the runner is allowed to run up to 2'

on either side of the base but not by the base and is subject to the discretion of the closest umpire.

4.5 A runner is out by force or tag except for the following: Home plate, between the commitment line and the alternate home plate, or the home plate line.

4.6 Contact: The league policy on contact by a runner, if considered intentional by the umpire closest to the contact, is that the runner is declared out. Contact deemed incidental by the closest umpire to the play does not affect the result. **(See 4.8)**

4.7 Interference: The act of an offensive player or team member that impedes or confuses a defensive player attempting to execute a play. A base runner must avoid a fielder making a play.

4.7.1 Obstruction: When a fielder is not in possession of the ball or is fielding a batted ball that impedes the progress of a runner or batter-runner legally running the bases. Obstruction by the defensive player will result in an extra base(s) for that runner when called by the umpire.

4.8 When a **Runner** intentionally collides with a defensive player attempting to field the ball, make a throw, or tag the runner, except at home plate, that runner will be called out. If both umpires conclude that the runner intentionally collided with the fielder in a manner that would cause injury to the fielder, the runner will be ejected from the game. When a determination is made that the Defensive Player intentionally collided with the runner, the same standard applies. Each manager(s) must report the incident to the league president, vice president, and division representative within 24 hours. Additional action may follow if league rules **13.0 through 13.7** apply.

4.9 There is no limit to the number of bases a runner can advance when the ball is in play.

4.10 The outfield must be a minimum of 235' to have an automatic over-the-fence home run.

4.11 A runner advancing to the next base can reverse direction when a play is being made on him/her unless he/she has passed the commitment line located 20' from the alternate home plate or alternate home plate run line.

4.12 Runners attempting to score must run to the alternate home plate and will be called out if they touch the regular home plate. When any part of the runner's anatomy breaks the plane of the home plate area (Batter's Box), that runner is declared out, and the play in progress continues to its conclusion.

4.13 A force out at home is accomplished when the defensive player touches the home plate while in possession of the ball.

Section V: Bats - Balls

5.1 A legal bat used in Sun and Fun Senior Softball Inc (SFSSI) must be listed by the ASA or USA on the approved bat list published on July 3, 2008, or have been approved after that date for use by the **ASA/USA**. A bat with an ASA certification mark introduced in 2013 is approved for play in Sun and Fun Senior Softball Inc (SFSSI).

5.2 Bats listed by the ASA or USA on their non-approved list published on July 3, 2008, or beyond that date are illegal and cannot be used in Sun and Fun Senior Softball Inc (SFSSI) games.

5.3 If a bat that does not appear on the **ASA or USA approved or non-approved list** as published on July 3, 2008, is considered illegal and cannot be used in the Sun and Fun Senior Softball Inc (SFSSI) play unless the bat(s) have been approved subsequently to July 3, 2008, date for slow pitch use by the **ASA/USA**. Managers in Sun and Fun Senior Softball Inc (SFSSI) will ensure that any bat conforms to the standards stated above.

5.4 The official ball used in Sun and Fun Softball Inc (SFSSI), effective 11-3-2017, is the: "Trump Stote 12-inch, 44 Core, 375 Compression, Optic Yellow, Red or Black stitching".

5.5 The home team will provide (1) one new approved ball in the wrapper, and (1) one good used approved ball to the Umpire before the game starts.

5.6 A player using an illegal bat will be called out and ejected from the game. When the owner of the bat in question is identified, the manager and the owner will be held responsible. Managers from each team must notify their division representative within twelve (12) hours after the game in question.

5.6.1 The division representative will contact the President, who oversees the operations committee, within 12 hours after the complaint has been issued.

5.6.2 The player possessing an illegal bat, as stated in section 5.6, has the right to appeal to the operations committee, which will convene a meeting within 48 hours to hear the complaint and decide on it.

5.6.3 When a player is found in violation of the rule on illegal bats, the following penalties will be assessed:

- First offense: (Player-Owner) Suspension for 14 games. (Manager) 14 games if no Owner is identified. Game forfeiture.
- Second Offense: (Player, Owner, Manager) Suspension for 28 games. Game forfeiture.
- Third Offense: (Player, Owner, Manager) Lifetime Suspension.

5.7 Any bat used during the game must remain in the bat rack throughout the entire game. A bat cannot be used unless it comes from the bat rack used during the game.

5.8 All bats must have a label identifying the owner or team.

5.9 Bat warmers are legal but must be hung adjacent to the bat rack used during the game.

5.10 Bats must be free of dents, cracks, and burs. Bats with defects must be removed before playing.

5.11 The Miken Freak 98 is illegal unless it has a serial number visible on the bat's barrel.

5.12 Warm-up bats: The on-deck batter is allowed two league-approved bats in the on-deck area that meet the following requirements:

- Stamped (WB) in one-quarter-inch letters or marked (Warm-up Bat) on the bat barrel.
- A minimum weight of 48 oz.
- A minimum barrel diameter of 2-1/4" (two and one-quarter inches)
- Must have a safety grip of 8" and no more than 15" extended from the knob.
- Must be a one-piece construction or a one-piece assembled bat approved by SSUSA/SSWC

5.13 No attachments (donuts, fans, etc.) are allowed on an approved league bat except for the "Pow'R Wrap" warm-up attachment.

Section VI: Official Game:

6.1 An official game is (7) innings unless extra innings are needed to break a tie game.

6.2 Every batter will start with a full count, no one and one

6.3 No catch-up or flip-flop allowed in the SFSSI

6.4 The game is considered official after the losing team has batted 5 times.

6.5 When extra innings are required to break a tie game, the following rules apply:

1. Each team starts the inning with a runner at 2nd base.
2. The batter who made the last out in the previous inning and has completed his/her turn at bat will go to second base.
3. If that batter who made the last out had a courtesy runner, that runner will go to 2nd base and cannot be replaced until that courtesy runner reaches 3rd base.

6.6 To make the game official, the officiating umpires must hold a current umpire certification card on file with the Sun and Fun Senior Softball Inc (SFSSI). Using a non-certified umpire(s) who does not hold this certification will result in a forfeiture of that game.

6.7 The SFSSI requires 2 certified umpires, (1) at home plate and (1) for the bases.

6.8 The game umpires must keep control of the game. Should a disruption occur by any player, coach, or fan(s) that impedes the game, the umpire(s) have the right to stop the game and award a forfeit against the team involved.

6.9 Each team is required to have a scorekeeper ensuring game stats are correctly kept, and if a protest is initiated as defined in League Rule 8.0.

Section VII: Pitching Screen:

7.1 The approved pitching screen for play starting with the 2021-22 season has the following dimensions: **Width: 30"- 48", Height: 72 " -78 "**.

7.2 Each community must make an approved pitching screen available for each game.

7.3 Pitchers have the discretion to use an approved pitching screen. Once the inning begins, the following rules apply:

1. The screen must be positioned no more than 4' in front of the rubber and cover a minimum of 50% of the rubber from side to side. Once the screen is positioned, it cannot be repositioned until the next inning or replaced by another pitcher.
2. Once the pitch is delivered, the pitcher must be behind the screen when the ball gets to the strike zone, hits the ground, or is hit by the batter. If the pitcher does not move behind the screen, he/she will be given (2) two warnings and removed from pitching on the 3rd warning, but can remain in the game at a different position.

3. When a pitcher, pitching to a batter, hits the pitching screen, the call is a ball, which could result in a walk and runner advancement.

4. When a pitcher does not move behind the screen and fields a batted ball, the umpire will declare a dead ball, issue a warning to the pitcher under 7.3.2, and award the batter 1st base with all the other on-base runners moving one base.

7.4 A batted ball striking the screen is declared a dead ball, and no pitch count is incurred.

7.5 When the pitcher is removed for violating the screening policy, and the team does not have a replacement pitcher, the team will forfeit the game.

7.6 When one team uses the pitching screen, they are responsible for moving the screen on and off the field between innings.

7.7 The pitcher may pitch from anywhere in a box that extends 6' directly behind and no wider than the pitching rubber. A second pitching using the rubber can be placed at the 6' mark directly behind the regular pitching rubber. The pitching screen rules must be followed.

7.8 A foul tip must be above the batter's head to be recorded as an out.

Section VIII: Mercy Rule:

8.1 When a team is ahead by 15 or more runs after (5) five innings have been completed or four and a half innings with the home team ahead by 15 or more runs, the game is declared a completed regulation game. Each subsequent inning beyond 5 must be a completed inning, and the home team must bat, for the game to be declared a completed game under Mercy Rule 8.1.

Section X: Scoring Runs:

10.1 A team is allowed a maximum of 5 runs per inning, plus a 6th run on a home run over the fence.

10.2 There is no limit on home runs over the fence.

10.3 The 7th inning and beyond are open innings, with no limit to the number of runs scored.

Section XI: Game Lineup Sheets:

11.1 Each manager must present a detailed lineup sheet before game time, including the player's full name, number, and position being played. The list must also include all substitutions by name and number.
